

PORTO GO

Din musik
när som helst,
var som helst,
hur som helst.

Your sound
anytime,
anywhere,
any way.

Portabel högtalare med universell dockningsstation för iPod.
Stereoljud från en enda högtalare.

Portable speaker with iPod universal docking station.
Stereo sound from a single speaker.

EmbracingSound™

Ta med dig din musik överallt

Det ska vara enkelt och roligt att lyssna på musik. Vare sig du är hemma eller ute på vift. Porto Go är en riktigt bra portabel stereo-högtalare som låter lika bra som många hemmaanläggningar trots sin ringa storlek. Omsluten i ett sobert läderfodral och med batteridrift är Porto Go en lika självklar accessoar utomhus som vilken väska som helst.

Bring your music everywhere

It should always be fun and easy to listen to music, whether you are at home or out in the open. With that in mind, Audio Pro has developed a portable loudspeaker that delivers true stereo sound from a single unit. Enclosed in soft leather together with possibility to be run on batteries, Porto Go is the obvious accessory outdoors as any handbag.

Stereo ljud från en
enda högtalare

Stereo sound from
a single speaker

Rör på dig

Med möjligheten att använda batterier, är Porto Go perfekt för en picnic, eller grillparty i trädgården. Ta med Porto Go till stranden eller på båtturen. Din musik vart du än befinner dig för tillfället.

Move around

With the possibility to use batteries, Porto Go is the perfect companion for a picnic, or the outdoor barbecue party. Or bring Porto Go to the beach or your summer house? Your music wherever you are at the moment.

6 x R20 batterier = 20-24 h
6 x R20 batteries = 20-24 h

På ett ställe

Även om Porto Go kan följa med dig överallt, så är den också perfekt på ett ställe. Koppla lätt in den till din Mac eller PC. Porto Go är också lätt att flytta omkring hemma eller på kontoret. Du kan även koppla in en aktiv subwoofer för den där extra basupplevelsen!

In one place

While Porto Go can be brought anywhere, it is perfect for stationary use as well. Connect easy to your Mac or PC. Because of its small size, it's easily moved around your home or office. You can even connect additional subwoofer for that extra bass experience!

Design

När vi formgav Porto Go hade vi dig i tanke. Den stående formen gör den enkel att bära med sig, att använda den är extremt enkelt. Äkta plug and play! Finesserna är de som behövs, inget mer. Vår prioritet har som alltid varit bra ljud. Porto Go är helt klädd i läder för en skönare känsla.

Design

When we designed the Porto Go we had you in mind. Its upright design makes it perfect to carry along. Using the Porto Go is very easy, plug and play for real! No nonsense features, our priority is as always good sound. Porto Go is covered in soft leather for a luxurious feeling.

Plats för fjärrkontrollen.
Space for remote control.

LINE IN
Koppla till din Mac eller PC.
Eller annan mp3-spelare.
Connect your Mac or PC.
Or any other mp3-player.

HEADPHONES
För mer enskilda stunder.
For those private moments.

DC IN 12V
Anslutning för nätadapter eller 12V kabel
(extra tillbehör) i bil eller båt.
To connect AC adaptor or 12V DC cord
(optional) from car or boat.

SUB OUT
Koppla in aktiv subwoofer för extra basupplevelse.
Connect active subwoofer for extra bass experience.

PORTO GO

The "Made for iPod" logo indicates that this product has been designed specifically to work with iPod. The manufacturer certifies that this accessory has been made in accordance with the high standards of quality and performance that you expect from iPod and Apple.

iPod doesn't come in just one size or shape. The Universal Dock provides a single, elegant way to connect any iPod with dock connector to your iPod accessory. iPod fits into the Universal Dock through the use of interchangeable inserts called Dock Adapters.

EmbracingSound™

EmbracingSound™ is the single-point loudspeaker technology for consumers and professionals alike to experience more of the recording with better resolution and clarity than ever before. Thanks to the unique speaker placement and an ingenious signal treatment, the stereo signal is optimized to reach our ears instead of separate speakers. Just sit back and experience more of your music and maybe you will find new favorites, as well as, making excursions into music genres that you were totally unfamiliar with before.
