- (3) Facia Plate / Mounting frame

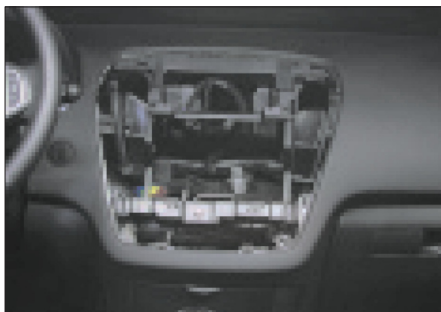

## Installation Manual Double DIN Kit CAW 2278-18

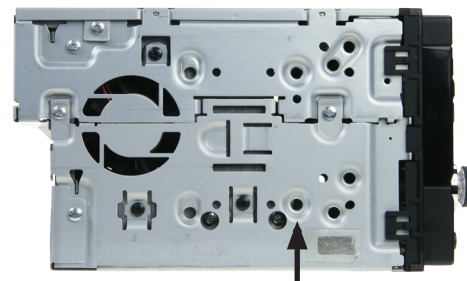

1. Remove the panel surrounding the OEM head unit. (see arrows)

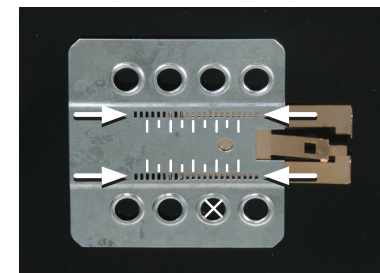

2. Remove the 4 screws (see arrows)

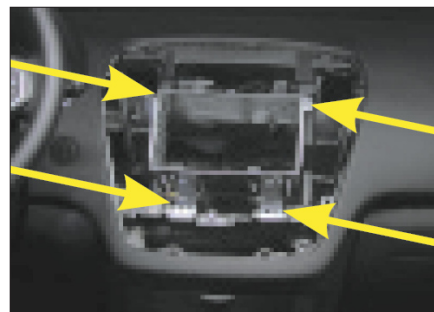

3. Remove the OEM head unit

Mount the metal brackets with the double DIN head unit

*The position of the copper coloured holder can be adjusted to your needs for perfect fit. (see sample)*

4. Place the Double DIN metal frame on the dash board and fix it with the 4 original screws.

5. Connect all required circuit points to the Pioneer head unit and push it into the metal frame until it snaps in. Place the fascia plate.

Reinstall everything in reverse order to finish installation.

*All installation work must be performed by a qualified professional installer only.  
The manufacturer / dealer is not liable for any kind of incidental or indirect damages.*
